Review logic

A disposition is useful only when it can be read alongside the originating record. For this record, the reasoned result is hold for clarification. Assigned period: 2026-07-20; source period: 2026-07-15. These remain separate facts, so the assigned context never replaces the source record period. Reference: AC-27/p03-full-008390.

Routing outcome

Retain the marker in the handoff. if a conflicting period label appears, it would weaken the closure rationale. the record-specific safeguard is to keep the conclusion conditional on the record; that preserves an accountable decision without inventing a missing fact.. Ask the owner to supply a bounded disposition reference if absent. The report requests no elevated access, customer data, or execution instruction.
