

Solution overview

Synthetic internal scenario - confidential planning artifact

A governed platform plan

Enterprise Platform establishes the operating foundation; Success Plus provides adoption cadence; Data Connect supports reporting flow.

12-week enablement

Align in weeks 1-2, enable in weeks 3-8, and prove the new reporting routine in weeks 9-12.

Shared evidence

Review baseline, adoption, report-cycle timing, and service signals at 30, 60, and 90 days.
