2026 07 13 Prior Period Performance Report Edition 01 —

FY26 Q3 | as of 2026-07-13 | p05-primary-09

Reported GMV	Plan variance	Prior period
¥84.2M	+¥4.2M / +5.25%	¥78.6M

Executive readout

Mosaic Retail Analytics closed FY26 Q3 with MTR-09 reported at ¥84.2M, ahead of plan by ¥4.2M. This report examines **refund controls** for the p05-primary-09 business view and records the evidence needed for a repeatable internal review.

Metric bridge

Gross	Refunds	Reported GMV	Plan
¥86.0M	−¥1.8M	¥84.2M	¥80.0M

Online contributed ¥46.3M and stores contributed ¥37.9M. Refresh coverage is reviewed through 2026-07-13 23:59 JST before the next distribution window.

Review controls and lineage

Review item 04410 is differentiated by its path-derived focus and records only synthetic business information. The BI review queue owns follow-up for material exceptions.

Control	Evidence
Metric identity	MTR-09 reconciles gross less refunds to reported GMV.
Refresh window	Coverage current through 2026-07-13 23:59 JST.
Ownership	BI review queue owns exceptions and follow-up.
