

Study Alpha Sensitivity Analysis

Orchid Cellworks | Study Alpha | 2026-07-13 | cohort A-24 | assay 6.8 ng/mL

Scenario testing

Input values were perturbed within a synthetic $\pm 5\%$ envelope to evaluate stability of the median summary.

Conclusion

The displayed result remains a fabricated training artifact and does not represent a laboratory release.

Metric	Result	Decision
Synthetic cohort size	24	Retained
Median assay	6.8 ng/mL	Within target
Duplicate CV	4.7%	Pass
Recovery	98.6%	Pass

Synthetic-data notice: all identifiers, measurements, runs, and results are fabricated for corpus production; no PHI, PII, or live research records are present.
