

Argument Map: Civic Claim

A concise map of the chapter's evidentiary path

Material cue

A dash and compressed margin interrupt the final sentence. These features slow the movement toward a collective noun.

Interpretive step

The delay prevents the public from becoming a finished entity. It remains a relation tested by attention to place and pacing.

Chapter claim

Folio 184 makes civic belonging legible as a listening practice. The chapter's method remains explicit that the corpus is fully synthetic.
