

OCR quality report

Box 14 / folio 184 / LA-SRC-B14-F184

Review scope

This report documents a synthetic OCR review for the Linden Correspondence Series. The retained anchor record is Linden Archive Project; Box 14; 2026-07-13; folio 184; citation LA-042.

Line-level findings

Ten numbered lines align to the zone map. One uncertain word and one two-word illegible span remain explicitly marked. The deletion on line 06 is encoded rather than normalized.

No confidence score is represented as a claim about a real manuscript.

Disposition

The transcript is suitable for comparative reading with the parallel view. Any quotation must identify the corpus as wholly synthetic.
