

Multilingual terminology concordance

A fabricated translation aid for Linden Archive Project. Review set: Box 14, 2026-07-13; focal label: folio 184; internal marker: citation LA-042.

Term	French	German	Japanese	Working note
linden	tilleul	Linde	菩提樹	shared image; no botanical claim
margin	marge	Rand	欄外	page-edge sense
reading	lecture	Lesung	判読	editorial process
fold	pli	Falte	折り目	material trace
reservation	réserve	Vorbehalt	留保	uncertainty marker
voice	voix	Stimme	声	keep relational tone

Use note

The concordance records working decisions, not claims about a real archive or a canonical translation. Where a term could be read more than one way, annotate the alternative rather than silently flatten it.
