

Product Beta R4 - Draft Contract Note

Record: BETA-R4-CLOUD-008124

Canonical subject: API-B4-8124

State: draft individual cloud working copy

Schema-freeze review: 2026-09-04

Contract checks: 1,240 total; 1,231 passing; 9 under review.

The 225 ms Beta value is a design budget, not an observed Alpha measurement.

Release Coordinator records the decision before Event Bus delivery.

This file is searchable synthetic reference material; no credentials or customer data are present.

Aster Loop Product Engineering | draft, not team-shared acceptance
