

Product Beta Acceptance Summary

ForgeLine | Product Beta | Controlled synthetic quality record

Decision

Product Beta lot PB-260811 is accepted for controlled release after dimensional and environmental verification.

Quality basis

Measurements met the approved ± 0.18 mm tolerance. NCR-026 containment was checked before release.

Traceability

This synthetic record is prepared for ForgeLine review on 2026-08-11.

Area	Evidence	Outcome	Review note
Dimensional	PB-0811 series	Pass	All sampled readings within ± 0.18 mm
Environmental	CLM-02 runs	Pass	No visual or functional anomaly
NCR-026	Containment check	Closed for lot	Escalation not required
