

Product Beta Verification Report

ForgeLine | Product Beta | Controlled synthetic quality record

Purpose

Confirm product characteristics after the NCR-026 containment action.

Method

Three features were checked using verified fixture FL-B-07 with repeat readings.

Conclusion

The observed values meet the ForgeLine Product Beta acceptance criterion of ± 0.18 mm.

Feature	Target	Observed	Conclusion
Datum A	24.00 mm	24.06 mm	Pass
Seal land	12.50 mm	12.37 mm	Pass
Locator pitch	38.00 mm	38.14 mm	Pass
