

Product Alpha R7 - SRC-000566

Searchable release evidence brief

Record	p01-full-000566
Source	p01-src-000566
Dependency	p01-full-003606
Review	2026-07-20

Release focus

Product Alpha R7 operational release note for SRC-000566. This record preserves the release decision boundary and the post-release observation needed by on-call reviewers.

Measured outcome

The 2026-07-13 release completed with p95 latency of 184 ms against a 200 ms SLO. The observation window recorded 84,200 requests, 84,149 successes, and 51 unsuccessful requests.

Release controls

ADR-042 remains the asynchronous release gate. Do not advance a rollout solely from a retrospective metric; verify the gate, change record, and customer-impact assessment together.

Review cadence

The next cross-functional review is 2026-07-20. Engineering, support, and release management should use this note to compare the dependency evidence with the measured outcome.

Action checks

- 1. Confirm ADR-042 gate evidence.
- 2. Reconcile 84,200 requests and 84,149 successes.
- 3. Bring unresolved customer impact to the 2026-07-20 review.
