

ADR-089: engineering decision evidence brief

Record: p01-src-001481 **Product:** Product Alpha R7 **Review:** 2026-07-20

Decision field	Recorded value
Service	svc-contract-registry
Lifecycle state	reviewed
Approval boundary	Release Coordinator → Decision Store
Observed Alpha p95	184 ms (ceiling: 200 ms)
Beta design budget	225 ms

Decision rationale

Aster Loop records a scoped engineering decision for svc-contract-registry. The lifecycle keeps evidence and consequences visible while preserving the asynchronous release-gate flow governed by ADR-042.

Reviewer action

Review the evidence window, compatibility result, and rollback-drill observations before approving a lifecycle transition. This PDF contains selectable text for audit and accessibility.
