Beacon Field Research

Design evidence

UX-184 | 2026-07-13

Recorded method	Recorded observation
journey reconstruction interview	the task was completed, although confidence fell when feedback arrived late

Recommended action
prioritize feedback timing in the next prototype iteration

Task completion	Evidence confidence
83%	**0.8** (unitless)

Synthetic reference values	Source record
Image record: p09-full-005618	p09-full-004634
