

Product Alpha Q3 guided rollout gate

Record date: 2026-07-13 | Gate: M-27 on 2026-09-18 | Synthetic internal record

Decision requested

Approve guided rollout when pilot evidence meets the M-27 threshold.

Why now

Adoption is 18.4% across 1,240 synthetic workspaces; Q3 target is 26.0%.

Owner roles

PM: evidence closure; Enablement: pilot readiness; Launch: rollout execution.

Dependencies

Research synthesis, support readiness, executive approval, and Beta capacity release.

Recommendation

Keep September conditional; advance after pilot adoption and readiness are confirmed.
