Parties. Aster Legal, a fictional enterprise legal operations group, and Cinder Bay Processing Ltd., a fictional service provider (each a “Party” and together the “Parties”).

This mutual addendum governs non-public business information exchanged during the privacy and vendor assurance workstream.

1. Protected information

Protected information includes non-public commercial, technical, and compliance information exchanged for this workstream.

2. Permitted use

Each party may use protected information only to evaluate or perform the privacy services.

3. Exclusions

Information independently developed or lawfully public is excluded when supported by written evidence.

4. Compelled disclosure

The receiving party will provide lawful notice and reasonable cooperation before compelled disclosure.

5. Return

Upon request, protected information will be returned or deleted subject to a documented retention obligation.

Execution and exhibits

The Parties acknowledge that this document is a complete synthetic training artifact. No real client matter, person, account, credential, or privileged record is included.

Exhibit A - Operational controls

Controls include role-based access, quarterly access review, encrypted transmission, documented deletion, and evidence retention sufficient to support the compliance review. The preservation population is fixed at 42 synthetic items; the stated exception review date is 2026-07-12.
