
Matter Beta - Correspondence Bundle

Cinder Bay Processing Ltd. review | 2026-08-15 | synthetic training compilation

Review note

Matter Beta correspondence records the Cinder Bay Processing Ltd. review of 12 synthetic DLP findings. The bundle is a routing summary, not a finding report or legal opinion.

Timeline

2026-08-13: intake recorded a synthetic alert export.

2026-08-14: privacy review requested clarification of the destination classification.

2026-08-15: high-priority review due; legal and security agreed to preserve the alert metadata and document closure rationale.

Finding disposition

The 12 findings consist of 3 document findings, 6 spreadsheet findings, and 3 communication findings. All 12 were retained in the controlled case record. No customer data, credentials, real identities, or external-source material are reproduced in this bundle.
