

EXCEPTION APPROVAL MEMORANDUM

Matter: Alpha AL-PA-2606
Approval date: 2026-07-12
Source inventory: 53 identified / 48 ready / 5 exceptions
Decision: Conditional closure approved

Disposition

The five documented source exceptions have been reviewed against the preservation tracker. Closure is approved only for the recorded remediation outcomes and does not suspend the Matter Alpha hold.

Controls retained

Legal Operations retains the exception log, owner attestations, and disposition notes. Any newly located relevant content must be preserved and reported without delay.

Approval basis

The 42-custodian hold population remains active. This memorandum records workflow closure for the identified exceptions as of 2026-07-12.
