

Deadline calendar

Remediation and follow-up schedule

Matter	AL-PB-2604
Processor	Cinder Bay Processing Ltd.
Prepared	24 June 2026
Classification	Synthetic internal review record

Purpose. Sets the operating calendar for the 12 findings identified in the processor review.

Key dates

24 Jun 2026: initial notice and status baseline. 15 Aug 2026: remediation plan and evidence for the three high findings. 30 Sep 2026: medium finding updates. 31 Oct 2026: low finding closure.

The calendar is for Matter Beta only. The 12 Jul 2026 Matter Alpha exception date is referenced solely as separate Aster Legal portfolio context.

Escalation

A missed high-finding date triggers an internal decision meeting within two business days.

Findings snapshot

ID	Severity	Control topic	Target
B-01	High	Purpose limitation	15 Aug 2026
