

Review record preservation scope

Limited preservation instruction

Matter	AL-PB-2604
Processor	Cinder Bay Processing Ltd.
Prepared	24 June 2026
Classification	Synthetic internal review record

Purpose. Defines preservation of the Matter Beta review record without directing a legal hold over unrelated systems.

Scope

Preserve correspondence, synthetic evidence descriptions, remediation decisions, and review-status records for AL-PB-2604. Do not collect production personal data or unrelated operational files.

This is an administrative review-record instruction, not a claim of privilege or a litigation hold notice.

Portfolio distinction

Matter Alpha has separate preservation context (42 items; exception deadline 12 Jul 2026). Its records are not included in the Matter Beta collection.
