### QUICK REFERENCE

## VENDOR PRIVACY POLICY

Third-party data processing baseline

### BEFORE ENGAGEMENT

Complete privacy intake, identify data categories, confirm approved purposes, and document security review.

### CONTRACT CONTROLS

Require processing instructions, confidentiality, access safeguards, incident notice, and return or deletion terms.

### MONITORING

Review material changes, subprocessor use, and service termination actions with the business owner.

### MATTER ALPHA NOTE

Vendor records related to the 42-item preservation set are not subject to routine deletion.

INTERNAL  
Escalate material changes
