

Regulator Engagement Playbook

Guidance ID G-2026-11 | Version 1.0 | Internal working guidance | 2026-06-30

Use notice. This is an internally synthesized training document. Aurora Federation, Harbor State, Aster Legal, Matter Alpha, and every source cited here are fictional. It is not legal advice or a statement of current law.

Purpose

A controlled approach to communications with fictional Aurora Federation and Harbor State privacy authorities during inquiries, consultations, or incident follow-up.

Scope and boundary

Only designated Aster Legal contacts may speak for the organization. This playbook uses fictional authorities and does not describe an actual regulator engagement.

Rule summary

External regulatory communications must be timely, accurate, evidence-supported, and centrally coordinated. The organization should never speculate, conceal open issues, or make commitments without an accountable owner.

Decision path

Step	Required action
1	Intake the contact Log the sender, request, deadline, jurisdiction, and preservation requirements without changing source materials.
2	Assign the response team Name counsel lead, factual owner, records liaison, and executive approver; preserve a single source of truth.
3	Validate statements Separate verified facts, open questions, and proposed commitments; obtain evidence support before sending.
4	Send and follow through Use the approved channel, retain delivery proof, track commitments, and report material changes promptly.

Operating controls

Escalation trigger

Escalate same day for compulsory process, a deadline under ten calendar days, a request affecting Matter Alpha preservation, or a proposed public statement.

Recordkeeping

Retain the intake log, authority correspondence, evidence index, approvals, response versions, delivery proof, and commitment tracker.

Roles and cadence

Business owner supplies complete facts and implements controls. Privacy Legal verifies the review path, decision rationale, and escalation. Records Management maintains retention evidence. Reassess on a material change, a new recipient or system, a control failure, or the scheduled annual review.

Fictional source register

Reference	Fictional use
Aurora Federation Privacy Framework, 2026 edition	Synthetic baseline for purpose limitation, accountability, and transfer review.
Harbor State Information Stewardship Rules, guidance note 4	Synthetic comparison point for notification, processor, and records controls.
Aster Legal Matter Alpha control register, 2026-06-30	Synthetic operational anchor for preservation target 42 and exception workflow.

Decision record minimum

Record the request or event, scope, facts relied upon, rule path, decision maker, conditions, escalation outcome, review date, and storage location. Do not include personal data, credentials, or privileged source material in this guidance record.
