

INTERVIEWER GUIDE

Requisition Alpha | People Analytics Partner | Downloaded 18 Aug 2026

Purpose

Use this synthetic guide to run structured, role-relevant interviews. It contains no candidate history, personal data, or hiring decision.

Role frame

Three openings are planned within a JPY 7.2-8.4M reference range. Assess collaboration, analytical judgment, and clear communication using hypothetical work examples.

Interview flow

Minutes	Focus	Evidence to capture
0-5	Welcome and process	Explain the structured format.
5-25	Analytical judgment	Describe a synthetic workforce insight approach.
25-40	Partnering	Explain a cross-functional tradeoff.
40-45	Close	Invite role-related questions only.

Safeguards

Do not request protected, personal, financial, or contact information. Record only job-related, synthetic rubric evidence in the designated system.
