

Shortlist calibration brief

Decision support | Synthetic anonymized candidates | 2026-08-18

Candidate ID	Readiness	Reason
A01	Screen now	Strong analytics translation
A02	Screen now	Evidence portfolio available
A03	Complete screen	Communication signal to test
A04	Review	Redacted intake only
A05	Review	Redacted intake only

Purpose

Align on evidence standards before selecting interview panels for three openings.

Proposed calibration

Use a 1-5 scale for analytics fluency, people-partner judgment, communication, and responsible data practice. Require a concrete, job-relevant example for scores of 4 or 5.

Working view

A01 and A02 are ready for structured screens. A03 remains in screen review. A04 and A05 require the same intake criteria applied to all candidates.
