Purpose

Design directions that let a learner access, practice, and show evidence without lowering the learning target.

Check the route

Provide clear headings, meaningful link labels, readable contrast, and a text alternative when a visual carries an essential idea.

Check the evidence

For every assignment, state what counts as evidence before naming the submission form. This keeps A-101 Evidence Map through B-203 Design Critique aligned to one 20-point rubric.

Shared assignment vocabulary

ID	Original synthetic assignment title
A-101	Evidence Map
A-102	Source Comparison
A-103	Claim-Evidence-Reasoning Brief
B-201	Scenario Map
B-202	Model Test
