

Course Alpha Portfolio Handoff

Portfolio sequence

A-101 Evidence Map, A-102 Source Comparison, and A-103 Claim-Evidence-Reasoning Brief form one revision trail.

Quality check

Keep claim language specific, distinguish observation from inference, and include a short revision note for each assignment.

Synthetic cohort

Maple Learning uses the synthetic ML26-S001 through ML26-S036 cohort for practice records only.
