

Maple Learning | B-201 Scenario Map

Directions: Use the scenario map below to analyze the situation and support a well-reasoned decision.

Context	Evidence
Summarize the scenario. What is happening? Who is involved? What are the key details?	List the facts, data, or observations that relate to the scenario. What information is relevant?

Decision

Based on the context and evidence, what is the best decision or next step?
Explain your reasoning.

E6 R6 O4 F4 = 20
