

Maple Learning | B-203 Design Critique

Carefully review the design artifact provided by your instructor. Use the prompts below to offer thoughtful, constructive feedback. Support your ideas with specific observations and examples.

Evidence E6 | Reasoning R6 | Organization O4 | Format F4 = 20

1 Purpose

What is the main goal of this design? How effectively does it achieve that goal?

2 Audience

Who is the intended audience? How well does the design meet their needs and expectations?

3 Evidence

What information or examples support the ideas in this design? What evidence strengthens its credibility?

4 Recommended change

What specific change would you suggest to improve this design? Why would this change have a positive impact?
