

STANDARD INSPECTION CHECKLIST

Synthetic scan copy | Control date: 2026-07-29 | CO-014: JPY 18,600,000

Pre-observation

- ☐ Latest controlled drawings and applicable clarification available
- ☐ Work area sequence reviewed with adjacent trade interfaces
- ☐ Inspection point and acceptance evidence identified

Observation

- ☐ Work presented is complete enough for review
- ☐ Installation condition is documented with neutral notes
- ☐ Exceptions are described without assigning unverified cause

Disposition

- ☐ Accepted / corrective action / reinspection needed is marked
- ☐ Evidence reference and follow-up date recorded
- ☐ Close only after corrective evidence is confirmed

Record ID: INSP-ALPHA-029 | Area: synthetic coordination zone | Inspector role: quality coordinator

Note: This synthetic checklist is a training reference, not a regulated inspection form or site access credential.
